PROFESSIONAL SUMMARY

Bachelor of Science in Information Technology graduate with hands-on experience in frontend development and UI/UX implementation using ReactJS, JavaScript, HTML, CSS, and Tailwind CSS. Experienced in translating Figma designs into responsive interfaces, integrating REST APIs, and optimizing enterprise web applications. Seeking opportunities in Frontend Development and UI/UX Design.

EXPERIENCE

System Development Intern | One CoreDev IT® (CORE®)

February 2026 – May 2026

- Developed responsive ReactJS interfaces for the Marketing Project Tracker, translating Figma designs into dashboards, Kanban boards, and mobile components that improved project monitoring and usability.
- Optimized UI components, responsive layouts, charts, and user interfaces across the Marketing Project Tracker and Core Recruit, improving consistency and cross-device usability.
- Integrated frontend components with ASP.NET Core Web APIs and SQL Server, validating application data and resolving UI, analytics, and integration issues to improve system reliability.
- Contributed to enterprise application migration and Git-based development workflows, collaborating with developers through GitHub, SourceTree, Figma, and ClickUp.

PROJECTS

FuelWatch PH

Technopreneurship Project | 2026

- Mobile-first web application for fuel price monitoring and comparison, featuring responsive UI/UX design, interactive maps, location-based station discovery, price history, and user contributions.

MATHtatag

Capstone Project | 2025

- Android-based educational assessment system integrating curriculum-aligned mathematics content, Filipino text-to-speech assistance, automated scoring, and analytics dashboards for student performance monitoring.

One Camohaguin

System Development Project | 2024

- Android-based community information system that centralizes emergency alerts, barangay announcements, and appointment scheduling to improve communication and service coordination.

SKILLS

Technical Skills: ReactJS, JavaScript, HTML5, CSS3, Tailwind CSS, Figma, Responsive Web Design, UI/UX Design, React Router, Zustand, REST API Integration, ASP.NET Core Web API, Entity Framework Core, SQL Server, MySQL, Firebase, Git, GitHub, SourceTree, Docker, Software Testing, Debugging
Interpersonal Skills: Problem Solving, Team Collaboration, Communication, Adaptability, Attention to Detail, Time Management, Continuous Learning

EDUCATION

Bachelor of Science in Information Technology (BSIT)	2022 – 2026
Polytechnic University of the Philippines - Lopez Campus	
High School Diploma	2016 – 2022
Gumaca National Highschool School (GNHS)	
Elementary Education	2010 – 2016
Gumaca West Central School (GWCS)	

SEMINARS AND CERTIFICATIONS

- Developing a Mobile Cross-Platform Application — Polytechnic University of the Philippines | January 2023
- Tech Career Skills: Communication for Developers — LinkedIn | November 2023
- Machine Learning using Python — Simplilearn | April 2025
- Artificial Intelligence Foundations: Thinking Machines — LinkedIn | November 2023
